

Protect Your Stock & Keep Your Cold Chain Intact.

In Central Australia's extreme heat, commercial refrigeration failures can result in significant stock losses within hours. Sebelec provides professional installation, servicing, and repair of commercial refrigerators, freezers, walk-in cool rooms, and walk-in freezer rooms for businesses across Central Australia — and we also repair domestic fridges and freezers for households. Keeping your cold chain intact and your operation compliant.

Why Choose Sebelec

Licensed Electrical Contractor — Northern Territory and South Australia

Refrigeration Handling Licence RTA# AU44998

All major refrigerant types — R404A, R134a, R410A, R32 and more

Fast breakdown response — minimising stock loss in the Territory heat
